

Subtle luminous qualities for a contemporary decorative choice

Description

Viridian **SpectraDuo™** is the ideal fashion and economic choice for wardrobe doors and decorative internal wall panelling, creating a subtle luminous and striking contemporary quality in a room. **SpectraDuo™** is a paint coated glass, with a vinyl backing applied to the painted surface to provide Grade A safety glass protection. With the painted surface baked onto the back of the glass and protected with vinyl, the coating will remain scratch resistant, you can be assured it will maintain its lasting fashionable good looks.

Colour options

Available in three options.

SpectraDuo™ White - Clear creates a feeling of sophisticated simplicity in a room, adding a sense of space and light.

SpectraDuo™ White - SuperClear™ for a premium white and bright finish.

SpectraDuo™ - Black creates an outstanding visual impact with a true black finish.

Kids and even adults will love using the surface as a fun palette with non-permanent marker pens to create a masterpiece or just as a reminder board. And being glass, it is easy to wipe clean. For full cleaning instructions please visit our website.

SpectraDuo Colour Option

SpectraDuo White - Clear

SpectraDuo White - SuperClear

SpectraDuo Black

Features and benefits

- ♦ Long lasting fashionable good looks
- ♦ Cost effective interior decorative product with the unique beauty of glass
- ♦ Choice of two contemporary colours.
SpectraDuo™ White also available in white SuperClear™
- ♦ Grade A safety glass for your protection
- ♦ Purpose designed and made in Australia
- ♦ Easy to clean surface
- ♦ Backed by a two year warranty (refer to website for more information)

Available in a range of standard stock sizes, **SpectraDuo™** is available in large seamless sheets ready for immediate installation.

Colours

Designed as a dry area internal wall panelling product, **SpectraDuo™** should not be used in circumstances where moisture is present, including, but not restricted to, kitchen splashbacks or bathrooms. For splashbacks we recommend Viridian **SpectraSeraphic™**, **SpectraElements™** or **SpectraColour™**
